## President's Message

Last month we told you about some new changes coming to your credit union including our new name, "Long Island Alliance" Federal Credit Union. 2019, just ending, was a busy year especially for our staff! Besides a new name, which took more approvals and signoffs than you could imagine, you have seen a bright new website and logo introduced. Members have given them a thumbs up. Some of you have even "starred" in video clips on the website!

All of these changes have been leading up to the next big thing for the credit union. Starting in January 2020 we have invited staff and members of the nearby Hauppauge Library System to become part of our field of membership. We see this effort as a beginning to more broadly integrate the credit union into the surrounding community. We will remain even more anchored in the community where many of us work and often do business.

The advantages to our credit union are numerous including: the strength of more members, increased capital strength and broader visibility in our surrounding community. The Board of Directors believe these benefits can be gained all without moving our office while retaining our great and helpful staff and continuing to offer the broad array of services you've come to expect.

*Slow, planned change and growth can be a good thing even for an 80 + year old institution that continues to serve you.*

If you have any questions please call us at (631) 291-9160.
