**Love is in the air
which can only mean
one thing:**

It's February

This is the month to show those that mean the most to you how much you love and appreciate them. The month to thank those who go out of their way to help you: be it at work, at home, or when it comes to helping you with your finances, those at your credit union.

Here at Long Island Alliance FCU we appreciate each and every one of our members. We have been serving NY State employees and their families for over 80 years and are now proud to be serving members of the Hauppauge Library and their families.

Over the course of these years our promise has remained the same

"Once a member, always a member"

At LIAFCU you are a member,
an owner, and part of our credit union family.

So don't forget to take a moment this month to **Love Your Credit Union.**

Credit Unions are different than banks in that our main goal is to serve our members to the best of our ability, not to make a profit off of them. Our members are worth more than money to us. Unlike banks, Credit Unions treat their members right with personal service, fewer fees, and tellers who know their name. The more our members participate and use our services, the more we can give back to them. We believe in helping our members achieve their financial goals through education and guidance. Our Loan Officer, Sanaz Marashi, offers free personalized credit counseling; just give us a call to make an appointment. Lastly, when you become a LIAFCU member you get access to thousands of surcharge free ATMs and the ability to access your account from over 5000 Credit Unions who participate in Shared Branching. All of which means you are never far from your money when you need it. Long Island Alliance FCU looks out for you. It's always been that way and always will be.

**It's important to celebrate those you love so this February
show your love by introducing them to the benefits that
come with being a part of the LIAFCU family!**
