Supervisory Committee

Could you spare some time to volunteer on our supervisory Committee? We need your help. There's no special expertise required, however you must be a member of the Credit Union and bondable. All Committee members must be approved by the Board of Directors. Volunteering for your Credit Union will help us as well as be rewarding for you. The Supervisory Committee is responsible to ensure proper procedures are followed at the Credit Union. This committee officially meets once a quarter, however a volunteer comes in at their leisure to perform various audits during Credit Union hours of operation. No experience is necessary, as committee members are instructed on how to do these audits. Who should volunteer? If you're retired, this is a great way to share your years of expertise while keeping sharp and involved. You may even learn something new! If you are working, looking for work, or simply looking to advance your career, volunteering looks great on a resume. Prospective employers know that volunteers are caring, committed, hard-working people who make any company stronger. Volunteering is an excellent way to show that you're a person of integrity who will become an asset to any company. Volunteers play an important part in any organization, but especially in a non-profit like ours. Helping your Credit Union and its members is rewarding for everyone involved. Call us today at 631-291-9160 if you would like to become a volunteer. It'll be one of the most fulfilling things you have ever done.
